- ❑ **Africa Safari Serengeti North, Serengeti National Park · Full Board meal plan**
Will be opened in June 2019 and will be placed right next to the Kenyan frontier and it'll be a perfect spot to discover the northern Serengeti National Park. The Camp is an ideal lodge from where you can partake to the world's greatest wildlife spectacle: the wildebeest migration.
- ❑ **Africa Safari Serengeti Central, Serengeti National Park · Full Board meal plan**
Africa Safari Serengeti is located at the Seronera area inside Serengeti National park. It's truly an area of abundance in flora, fauna and cultural attributes. Africa Safari Serengeti Central is for travellers who enjoy being in great locations for wildlife viewing.
- ❑ **Africa Safari Lake Manyara, Lake Manyara · Full Board meal plan**
Africa Safari Lake Manyara is located between the foot of the Ngorongoro Crater and Lake Manyara, centrally located between some world famous National Parks. Facing the east we look over the Lake Manyara landscape and to the west towards the highlands of the Ngorongoro Crater, also known as the seventh world wonder.

Destinations visited:

- ❑ **Lake Manyara National Park**
Lake Manyara is a shallow lake in the Natron-Manyara-Balangida branch of the East African Rift in Manyara Region in Tanzania. The name Manyara comes from the Maasai word emanyara, which is a euphorbia species of plant that is grown into a hedge around a family homestead (Euphorbia tirucalli). The name "is a Masai description not for the lake, but in general for a lake shore region.
- ❑ **Serengeti National Park**
The Serengeti National Park is a Tanzanian national park in the Serengeti ecosystem in the Mara and Simiyu regions. It's famous for its annual migration of over 1.5 million white-bearded (or brindled) wildebeest and 250,000 zebra and for its numerous Nile crocodile and honey badger.
- ❑ **Ngorongoro National Park**
The Ngorongoro Conservation Area is a protected area and a World Heritage Site located 180 km west of Arusha in the Crater Highlands area of Tanzania. The area is named after Ngorongoro Crater, a large volcanic caldera within the area. It's the world's largest inactive, intact and unfilled volcanic caldera. The crater, which formed when a large volcano exploded and collapsed on itself two to three million years ago, is 610 metres deep and its floor covers 260 square kilometres.

❑ Tarangire National Park

Tarangire National Park is the sixth largest national park in Tanzania, it is located in Manyara Region. The name of the park originates from the Tarangire River that crosses the park. The Tarangire River is the primary source of fresh water for wild animals in the Tarangire Ecosystem during the annual dry season. The Tarangire Ecosystem is defined by the long-distance migration of wildebeest and zebras. During the dry season thousands of animals concentrate in Tarangire National Park from the surrounding wet-season dispersal and calving areas.
