Paradise & Wilderness is an expert in safaris in Tanzania and a specialist in holidays in Zanzibar, owned by the Dutchman Bert Schoonvelde. Years ago, he came to Zanzibar for a holiday and felt in love with this magnificent place.

Bert: "My holidays in Tanzania were too short to get to know this magical country, so I stayed here and made my dream my job!

Now, I am lucky enough to have four Beach Resorts and two Boutique Hotels on Zanzibar, a Safari Lodge in the Selous Game Reserve and several more Safari Lodges located near or in world's most famous national parks: Serengeti, Lake Natron, Arusha, Ngorongoro crater and Lake Manyara.

This combination of culture, incredible white sand beaches and the largest wildlife sanctuaries in Africa makes Tanzania unique.

Because of our own accommodations at Lake Natron, in the northern and central Serengeti and Ngorongoro, you will always be close to the animals.

Our professionals will help you design the perfect trip, so you don't miss the annual wildebeest migration or any other event worth seeing.

Our Safari guides are trained to spot the animals and explain everything you want to know. Don't be afraid, you will be completely safe. Make the most of all the beauty you will see along the way: zebras, giraffes, elephants, lions, impalas and other wildlife in the country. You usually see them on TV, but now you can see them with your own eyes and experience them up close.

NIGHT SAFARI

Animals are much more active at night than during the day

An unforgettable experience that is only allowed in a limited number of natural parks in Tanzania. At Paradise & Wilderness we have our own 4x4 Safari Jeeps and all the specific permits for the Night Safari at Lake Manyara or in the northern Serengeti. First, we will admire the sunset and then we will use a big spotlight to detect the nocturnal animals, which are much more active late afternoon and at night than during the day.

WALKING SAFARI

Get to know the surroundings of your Lodge with a local guide Bondei

Step into the footprints of the elephants and let your guide teach you about all the special facts of the natural environment in which you find yourself. And don't be afraid of dangerous species, because you will always be accompanied by an experienced guide Bondei and two Maasai will also accompany you for safety.

VISIT A MAASAI VILLAGE

Real life in Tanzania

The best way to get to know a country is to see how its inhabitants live. Learn how the local people live, where they go to school or run their errands. Learn about their habits and culture. A Tanzanian speaks Swahili and is friendly and hospitable.

ZANZIBAR, JEWEL OF THE INDIAN OCEAN

Zanzibar, located on the east coast of Africa, is considered one of the jewels of the Indian Ocean.

Nature and history go hand in hand on this island. Visit the historic Stone Town, declared a World Heritage Site by UNESCO, or enjoy the sun on one of the island's paradisiacal beaches. Discover the local wildlife (red Colobus monkey, for example) or use the island as a base for Safaris. Whatever you choose, Zanzibar is the ideal place for your holidays.

Zanzibar is a semi-autonomous state within Tanzania and consists of three main islands: Unguja (or Zanzibar), Pemba and Mafia Island.

THE HISTORY OF ZANZIBAR

The island of Zanzibar was attractive to many civilizations, all in search of new markets, adventures and new areas to explore.

The Persians traded with the Bantu tribe, developing the Swahili language and culture. Zanzibar was a powerful commercial centre, especially thanks to the spice trade.

Towards the end of the 19th century Zanzibar became a British protectorate from which it became independent in 1968. One year later, however, Zanzibar became part of the Republic of Tanzania together with Tanganyika.

DISCOVER OUR ACCOMMODATIONS IN ZANZIBAR

ZANZIBAR EXCURSIONS

SNORKELING AROUND MNEMBA ISLAND

Discover the underwater world of Mnemba

A short boat trip takes us to this place that is in the top 10 of the best snorkeling sites in the world. The waters are shallow and have a great variety of corals and about 600 species of fish, three species of dolphins, humpback whales... In short, it's like snorkeling in an aquarium!

ZANZIBAR SPICE FARM

In the old days, Zanzibar was known as the “island of spices”: cloves, vanilla, nutmeg or cardamom are exported all over the world. The spices, which originally came from Asia and South America, thrived perfectly in the island’s tropical climate. Walk with your guide through the spice farm. It will give you an insight into local life and you will have the opportunity to try some Swahili dishes and some local fruit, all accompanied by a good spiced tea.

WALK AROUND STONE TOWN

Follow the trail of sultans, slaves and explorers through the streets of Stone Town. The guide’s stories will take you back in time. Discover the spice market, the many seafoods sold in the fish market, the breads in the baskets and the fruit and vegetables piled up in the vendors’ stalls.

VISIT PRISON ISLAND

Prison Island is named after the prison built there for islanders, but it was never used as such. Now the island is home to a turtle shelter. Prison Island is located 20 minutes by boat from Stone Town and has some beautiful coral reefs. Giant tortoises walking through the trees, with the calm and parsimony that comes with their advanced age, reaching over 190 years!

VISIT JOZANI NATIONAL PARK

Zanzibar also has a National Park, the Jozani Chwaka Bay. It has an area of 50km2 and is home to the well-known local monkey, the “red Colobus”, which is in danger of extinction.

This species of monkey can be recognized by its black and white colors with red hair and pink spot around the nose and mouth. It is endemic to the island of Zanzibar. The “red Colobus” monkeys are very photogenic and accompanied by a guide, you will get very close to them. You can also take a walk through the old forest and mangroves.

Located just 500 meters from the main entrance, a new restaurant opened at the end of 2019, where you can have lunch (book in advance), lunch or a drink after the visit to the park.
