The cost of a visa is currently \$50 for most nationalities and \$100 for Americans.

It is possible to apply and pay for a visa on arrival, but this process has become more complicated, so it is advisable to apply for the visa online before arrival.

In case you arrive on an international flight on Zanzibar the immigration process is a bit smoother, but still will take some time.

Remember that your passport must be valid for at least 6 months after your departure date from Tanzania and have at least 1 blank visa page. Also a return flight ticket is required.

A Visa is valid for the duration of your stay, with a maximum of 3 months.
