Activities

GAME DRIVE

We use safari jeeps with pop-up roofs and four-wheel drive, which are perfect for taking unobstructed photographs. Our English speaking guide is very knowledgeable about the flora and fauna and will make sure you get to see the best of the Northern parks. He will give you as much time as you need to ask questions, take pictures and enjoy the beautiful scenery. You can book an extra English-speaking guide. Normally the driver is also the guide.

AS LAKE MANYARA GUIDED BIRD WATCHING

Bring your binoculars! You travel by car to the entrance of Lake Manyara. As walking is not allowed in the park itself, the buffer zone is an excellent birding area where you can walk, spot and watch. This area is home to a wide cross-section of Tanzanian species, making Lake Manyara one of the best birding hotspots in East Africa.

AS LAKE NATRON NGARE SERO WATERFALL

A good half-day activity. The moderate two-hour walk along the western edge of Lake Natron leads to a series of narrow gorges and waterfalls of the Ngare Sero River, where you can swim in slot canyons! You will be accompanied by a Maasai guide from the local cultural centre. A refreshing activity after a hot day on Lake Natron, as the area is simultaneously dry and wet, and lush with wild palms growing above the gorge. Wear good-grip shoes that can get wet, swimwear under a light, long-sleeved shirt, bring drinking water and a snack, and pack your camera and phone waterproof.

4 DAYS, 3 NIGHTS: TARANGIRE National Park or Manyara N.P. + NGORONGORO CRATER + LAKE NATRON

Just a flight away from Zanzibar, there are three great places to see in the northern circuit. Hundreds of elephants in Lake Tarangire National Park, stunning views and, with a bit of luck, a rhino in the Ngorongoro Crater, and a great drive through the volcanic moon-like landscape to Lake Natron with its flocks of flamingos. Have your camera ready and charge the batteries.... you will need them.
