Welcome to the most famous National Park of East Africa, Serengeti National Park, a World Heritage Site teeming with wildlife

Endless plains and stunning savannah.

With vast open plains and an abundance of wildlife as far as the eye can see, the Serengeti is a safari maker's dreamland. As the park is so expansive, it is ideally recommended to spend several days exploring.

Serengeti National Park spans across 14,763 square kilometres and is easily the largest and arguably most popular of the northern circuit National Parks.

The Serengeti is host to the annual Wildebeest migration, when some six million hooves pound the open plains, as more than 200,000 zebra and 300,000 Thomson's gazelle join the wildebeest's trek for fresh grazing. Buffalo, elephant, giraffe, lion, hippo and hyena are also frequently sighted throughout the Serengeti.

Join us on a safari and explore the endless Serengeti plains dotted with trees and kopjes from which majestic lions control their kingdom; gaze upon the Great Migration in awe or find an elusive leopard in a riverine forest. Or perhaps see everything from a bird's-eye view and soar over the plains at sunrise during a hot air balloon safari.

Activities

NOW SAFARI

GAME DRIVE

We use comfortable four-wheel-drive safari jeeps, with a pop-up roof. The area allows for various game drives, hence every day you will discover something new. And of course, depending on the Migration season, routes are set out to give you the best chance to encounter this natural phenomenon. Our English-speaking driver-guides are very knowledgeable on flora and fauna and will make sure you get to see the best of Serengeti. They will give you as much time as you need to ask questions, take pictures and enjoy the amazing landscape.

NIGHT GAME DRIVE

A unique opportunity! After dinner, join in on a thrilling adventure, a night game drive. A spotlight is fitted to the vehicle and before you know it you catch the first reflections of the animals' eyes. The night is another world altogether out there, interesting action of the nocturnal animals, different shades and shadows and unknown sounds. Typical animals of the night are Springhares (a nocturnal animal that looks like a cross between a kangaroo and a rabbit), Bushbabies, civets and genet cats, a rare Aardvark or Porcupine and others.

WALKING SAFARI + SERENGETI SUNDOWNER

An armed ranger will be there for your protection while you will have the opportunity to explore new territory and perhaps follow the animals on foot! The walking safari takes approximately 1.5 hrs hours. What you will encounter is always a surprise. After your walk, you will be taken to the top of a hill for sundowners while enjoying the sunset over the Serengeti.

HOT AIR BALLOON SAFARI SERENGETI

This popular excursion is a once-in-a-lifetime experience! It includes being collected from Africa Safari Serengeti Ikoma (early!) and being transferred to the launch site for a sunrise take-off. After a wonderful flight of approximately 1 hour, you will receive a champagne toast on landing and then a 'full English' breakfast under a tree before you are being returned to your safari guide at a mutually agreed location.

3 DAYS, 2 NIGHTS: 2 FULL-DAY GAME DRIVES

During a 1,5-hour flight departing from Zanzibar Airport, you will fly overhead the Indian Ocean, the hinterland of Tanzania, the Ngorongoro Crater Highlands and the vast expanse of the Serengeti before making your descent to Seronera Airstrip. The views from above are undeniably magnificent. Within half an hour of disembarkation of the aircraft, you will be in a 4x4 safari vehicle with a pop-up roof, ready to take all in that Serengeti has on display for you. Around midday, there will be a picnic stop for lunch and a leg stretch, and off you go again. Late afternoon you will be driven to Africa Safari Serengeti Ikoma for the night. On your second day, you will go back into the park, to catch up on the wildlife you missed on the first day. Late afternoon you will head back to Africa Safari Ikoma, for another night full of amazing memories. After a good night's sleep, this morning it is departure time. Your vehicle will be taking you to the Seronera airstrip for your flight back to Zanzibar Airport. Enjoy the magnificent views while flying over Serengeti National Park and admire the changing scenery of the Great Rift Valley. Perhaps you will even get a glimpse of the famous Mount Kilimanjaro, as the plane stops briefly in Arusha. You will land at Zanzibar Airport with a camera full of pictures to share with friends and family and look back on the amazing memories created on your African endeavor!
