# Paradise & Wilderness

Paradise & Wilderness is an expert in safaris in Tanzania and a specialist in holidays in Zanzibar, owned by the Dutchman Bert Schoonvelde. Years ago, he came to Zanzibar for a holiday and fell in love with this magnificent place.

“Now, I am lucky enough to have four Beach Resorts and a Boutique Hotel on Zanzibar, a Safari Lodge in the Selous G.R./ Nyerere National Park and several more Safari Lodges located near or in world's most famous national parks: Serengeti Ikoma, Serengeti Klein's gate Ololosokwan, Lake Natron, Lake Manyara and Arusha.”

This combination of culture, incredible white sand beaches and the largest wildlife sanctuaries in Africa make Tanzania unique.

Bert Schoonvelde:  
“My holidays in Tanzania were too short to get to know this magical country, so I stayed here and made my dream my job!”

Zanzibar archipelago is lying 35 km off the coast of Tanzania in the Indian Ocean with water temperatures ranging from 25 °C up to 30 °C. The fascinating underwater world is well-known for its great visibility, encounters with dolphins, turtles and over 500 marine species. Coral reefs protecting the coasts create lagoons in 50 shades of turquoise. The white sand beaches are broad and flat. The moon's pull creates tidal differences of up to 4 metres twice a day.

## Mnemba Snorkelling

Zanzibar is great for diving and snorkelling, so you better won't lose the opportunity of your life to see lots of marine life!

Discover the underwater world of this marine sanctuary and its magnificent coral reef. You can see stingrays, barracudas, powder blue surgeonfish, clown tiger fish, long-horned cowfish and many more. It's as if you were snorkelling in an aquarium. The waters are very shallow and we will take you to different areas around the island.

Depending on the tide, we can get close to Mnemba, and a short boat trip will bring us to this fascinating place. It's in the top 10 ranking of the best snorkelling places in the world!

## Sunset Dhow Cruise

Hop onto the local traditional Dhow/Ngalawa boat and set off into the sunset. The captain will be waiting for you on the beach for departure, ready for an amazing 2-hour journey across the Indian Ocean with the most magnificent views of the tides, mangroves and sea life.

## Mangapwani Caves

Mangapwani caves are natural caves and are located 20 km north of Stone Town, within an easy walk of Mangapwani beach. The first large, dank cave incorporates a freshwater pool while the slave cave, further north, is said to have been used as an illegal holding pen for slaves after the trade was abolished in the late 19th century. Visit those caves with our guide and discover the history of this place.

Zanzibar is a cultural hotspot, famous for its mix of spice plantations, historical Stone Town, diverse culture and beaches. Its roots can be found in the streets, houses with original Zanzibar doors, the markets, the fusion architecture of Arabic, Indian, European and African influences and in its dark history as a former territory of the Sultanate of Oman. Besides tourism, Zanzibar's main industries are growing spices like cloves and nutmeg, fishing and farming of algae.

## Stone Town Tour

Discover Zanzibar's capital city on our half-day trip!

Follow the trail of the sultans, slaves and explorers in the winding streets of Stone Town. Your guide will captivate you, retelling the events that shaped Zanzibar, leading you through the buildings where it all happened, like the former Slave Market and Anglican Cathedral, the House of Wonders and the Sultans' Palace Museum, the Freddie Mercury House, the Old Arab Fort and Dispensary and many more.

While tracing the steps of the past, the walking tour provides you with a window into modern life in Stone Town. Explore the spice markets, seafood and fish piled in the fish market, fresh loaves of bread in wicker baskets and the neat stacks of fruit and vegetables as traders sell their wares from their stalls. Children play while men enjoy board games.

## Spice Farm Tour

In this excursion, you will be able to learn about a lot of spices that are used in Zanzibar for cooking.

Walkthrough the spice farm with your guide. Touch, smell and taste different spices and tropical fruits. Try to guess which is which, from the crushed leaves, the fruit, shoots and vines and creepers crawling up to the trees. Learn about their properties, their origins and their uses as medicines and in food and drinks.

A visit to a spice farm village gives you an insight into local life and gives you the opportunity to try some authentic Swahili dishes, taste the fruits in season and try some spiced tea.

Depending on the season, you can find anything from vanilla, cardamom, cinnamon, nutmeg, turmeric, lemongrass, cloves, cumin, garlic, ginger, coriander, pepper, allspice, tamarind, jackfruit, custard fruit, orange, star fruit, banana, pineapple, tangerine, passion fruit, mango, avocado pear, papaya, grapefruit and many others.

Family holidays are unwinding for all and offer quality time together in accommodation that allows for keeping the children close at night. During the day there is plenty of entertainment ranging from an animation team, games and sports, to swimming pools of various depths, while the parents can relax and are being pampered. When getting tired of relaxing, the family can venture out on one of the many excursions (optional) to explore the island together.

## Prison Island Tour

You'll never forget Prison Island: with the giant turtles and the incredible surrounding coral reef.

Prison Island, close to the coast, gets its name from the prison built to condemn Zanzibari citizens to the isolation of the island. Previously owned by an Arab to house his rebellious slaves, the prison was never actually used, and the island is now home to a tortoise sanctuary and a hotel.

Prison Island is 20 minutes away from Stone Town by boat and has spectacular coral reefs for you to enjoy. Giant tortoises shuffle through the trees, with the infinite patience that old age brings. Originally thought to be from the Comoros Islands and Seychelles, some of these tortoises are thought to be over 100 years old. Stately and lumbering, the tortoises have even been known to take children on a ride.

After the trip to the tortoise sanctuary, you're left to explore the island. If you're feeling active, you can follow one of the hiking trails, snorkel in the crystal clear waters in search of colourful tropical fish darting through the reef or soak up some sun on the powder-white beach.

## Kuza Cave & Seaweed Centre

Kuza Cave offers a unique experience for adventurous nature-lovers, snorkelers, divers and people interested in Swahili culture. The cave is a 50 meter round sinkhole in the middle of a small jungle in Jambiani, East Coast Zanzibar. After this, you will visit the Seaweed Centre to learn about Seaweed farming, which is the second biggest industry on the island. You will see how the women harvest their seaweed and understand the hard work that encompasses seaweed farmers daily life. Afterwards, you will gain insight into the processing centre and factory located in the village. Here you get the rare opportunity to see how the seaweed gets transformed into desirable beauty products like organic soaps and essential oils.

## Jozani Forest

Placed in the south of the island, Jozani Forest is a wonder a delight!

In the south of the island, Jozani Forest is a wonder and a delight, with tales of Zanzibar leopards, medicinal cures and stunning scenery. Currently under consideration to become Zanzibar's second World Heritage Site, the Jozani-Chwaka bay area is a hotspot of biodiversity. The forest is home to several endemic species, including the Zanzibar Red Colobus Monkey.

Your park ranger will take you on a nature trail, lined with eucalyptus and mahogany trees and explain the medicinal properties of various plants, and tell you about the animals, birds and reptiles that make their home in the various habitats of this tropical rainforest.

Troops of Zanzibar Red Colobus monkeys can be found scrambling from branch to branch, in search of food. The monkeys have become accustomed to people and allow you to get close to them to take photographs as they eat, play and jump from the treetops. The mangrove boardwalk takes you above the swamp where, depending on the tide, you can see crabs scuttling across the mud. Mangroves play an important role in environmental conservation and as a resource for villagers and community life. Your ranger will explain the different species found in the swamp and their uses.

## WELCOME TO THE BIGGEST GAME RESERVE IN AFRICA!

SELOUS GAME RESERVE/NYERERE NATIONAL PARK

It's one of the largest remaining wilderness areas in Africa. The reserve is crossed by the second biggest river in Tanzania, the Rufiji River, creating a very dynamic ecosystem. Departing from Zanzibar, you will fly here in less than one hour in a sturdy bush plane, The Cessna Caravan (seat 13 passengers) or in half an hour, with the bigger and faster Embraer EMB 120, (seat 30 passengers), where your safari vehicle will be waiting. Selous G.R./Nyerere National Park is home to over 350 species of birds and reptiles, the species of plants account for about 2000 species as well as a wide range of wildlife from African bush elephant, lions hippopotamus, Cape buffaloes, Masai giraffe, zebra and crocodile and everything in between. It is also one of the most important sanctuaries in Africa for the endangered African wild dog. Selous G.R./Nyerere National Park is a game reserve, resulting in a large advantage over the national parks, in the sense that you have more freedom to explore and can drive off-road. Even on busy days, it is still not overpopulated. Africa Safari Selous is situated in one of the world's best safari locations. Take the opportunity to join us for an unforgettable safari experience!
